Healing Turkey – Protocol

By dr Etelka Anebtawi

www.wellnesstech.ro

This protocol is not for Diagnosis, Treatment, Healing or Disease Prevention.

Beyond the suggested protocol, you should not hesitate to address any issues that may be seen in the individual session. The main thing is to increase self-awareness in an extended sense of communion of the VITAL FORCE: Earth, Turkey, the Turkish People, the Nature of Turkey and the whole Humanity.

The protocol has 8 parts:

Part 1: Connection to Turkey and High Dimensions

Part 2: Balancing Yin / Yang, Female / Male, Father / Mother with us

Part 3: The Connection of the Heart and the Brain

Part 4: Balancing the 5 elements (Fire, Air, Earth, Metal, Water)

Part 5: Dissolution of negativity

Part 6: Healing by Forgiveness

Part 7: The spiritual awakening of Turkey

Part 8: Sealing Turkey with Light

Preparation

In this protocol, the practitioner is also the client. He / She acts as a "surrogate" for Turkey. It is based on the idea that each individual is a physical, mental, emotional and spiritual holographic representation of Turkey. Each of us literally reflects what traditional societies are recognized as a "Mother Turkey" being.

During this protocol, you will act as Hologram of Turkey. In a hologram, each part contains the whole.

You can place an image of the map of Turkey on the device tray. You can also put a picture of a forest, or animals, plants, or a picture of a city. There are no limits.

You can also enter the map of Turkey in the program, before calibration, just like any other photo, provided, that the map is saved in the computer in the "pictures" section.

Biofeedback

Test Panel / Biofeedback Systemic Relaxation

MISC/Make therapies stronger tab

Biofeedback, unfolds/click Body to Soul - (3 minutes)

Connection, Visualization, Meditation

Stay calm and take a few deep breaths. With both feet on the ground, we connected to the Land of Turkey. Visualize the energy of the Turkish Earth coming and going from the ground in the two legs and unifying in the pelvic area. Feel the support of the Earth of Turkey and of all the elementary intelligences, feel how it continuously supplies you with its unconditional love.

With the Energy of the Earth of Turkey continuing the ascent, we access the Cosmic Energy coming from above. See yourself closed/closed in a light cylinder. Feel it descending on its back, from head to toe and flowing into the energy basin of the Turkish Earth in the pelvic area. Feel that a combination of cosmic and earthly energy pours into the chakras system and completes your energy field, which becomes a huge egg of Light.

You are now a conscious bridge between the dimensions "Mother - Earth of Turkey" and "Father Spirit". Ask all forces of the Universe to help to stop fires, to stop to harm more people, animals and plants. After 3 minutes you can stop the therapy.

PART 2:

Yin/Yang Balance, Female/Male, Father/Mother in Us

The goal is to balance all the component parts of our being: Female/Male, Yin/Yang, Father/Mother. According to the holographic model we can think of the following view:

The Father is the Divine,

Mother is the Land of Turkey

The child is the Turkish People.

Vizualizing: While balancing the brain waves on this page, imagine your head as if it were the surface of Turkey. Think of the Western Hemisphere of Turkey as the left side of the head - the hemisphere oriented towards rationality, towards action. It is a parallel to the left "male side", the hemisphere of the brain with analytical thinking and the centers of speech, calculation and sequential logic.

The right side of the head represents the Eastern Hemisphere of Turkey - The meditative Eastern Hemisphere is a parallel to the right hemisphere of the brain,

intuitive, fulfillment-oriented, "feminine part", which is also the Center for our spatial and artistic abilities.

Visualizing an eight (8) digit on your eyes will help you harmonize the hemispheres. (You can intensify the view by drawing the number 8 by hand). Hold this image of You as long as you balance the brain waves, knowing that by this intention you affect the entire human consciousness of Turkey, including its consciousness as a country and a piece of the planet. Feel the balance of Yin and Yang energies as you visualize the beginning of Calm, Peace, Harmony, Cleansing the fire and Healing among all Turkey.

Healing by forgiveness

Forgiving our wounds/pains we perceive that coming from the outside is the best way to heal the true root of the problem: our own separation from the Divine, or unity. Use this wonderful and practical technique, derived from the ancient Hawaiian tradition of Ho'oponopono, several times.
